

# Nicholas Clemens

My name is Nicholas Clemens and I am a Junior studying Recreation, Sport and Tourism. I am a member of FarmHouse Fraternity where I served as Vice President of Public Relations, Vice President of Social Relations and President. As President I want to help show the Champaign Urbana community all of the good that happens within Greek life. I want to provide answers about COVID policy and procedures as well as being a voice for my chapters and their needs. I look forward to have the chance to help the Greek community grow and thrive over the course of the next year.
